PROFESSIONAL SUMMARY

Motivated Software Developer with a B.Tech in Computer Science (IoT specialization) and hands-on experience in software engineering. Skilled in Java, Python, and web technologies, with practical exposure to AI/ML projects and modern development tools. Passionate about building efficient, scalable solutions in the IT sector.

WORK EXPERIENCE

Software Engineer

Adroit Infoways — Chandigarh, India

January 2026 – Present

- Developing and maintaining software applications as part of the engineering team.
- Collaborating with cross-functional teams to deliver features aligned with business requirements.
- Applying Java, Python, and web technologies to build and improve production systems.

Software Developer Trainee

Coding Blocks — Internship

June 2023 – July 2023

- Gained hands-on training in software development fundamentals and coding best practices.
- Worked on practical assignments covering data structures, algorithms, and programming logic.

PROJECTS

Heart Disease Prediction Using Federated Learning

- Built a privacy-preserving ML model using federated learning to predict heart disease risk.
- Implemented distributed training so patient data never leaves local devices, ensuring data privacy.
- Technologies: Python, Machine Learning, Federated Learning frameworks.

AI Chatbot

- Designed and developed a conversational AI chat-bot for interactive query handling.
- Integrated natural language processing capabilities to improve response accuracy.
- Technologies: Python, NLP, HTML/CSS.

EDUCATION

B.Tech in Computer Science Engineering (Specialization: IoT)

GLA University — Mathura, India

Graduated: 2025

TECHNICAL SKILLS

Languages:	Java, Python, HTML, CSS
Tools & Platforms:	GitHub, Excel, Claude AI
Domains:	Software Development, IoT, Machine Learning, AI

CERTIFICATIONS & ACHIEVEMENTS

- Internship Certification — Coding Blocks
- CHAT-GPT Certification — Great Learning
- JAVA Certification — CodeChef
- Claude Code In Action Certification — Claude AI (Anthropic)
